Complete Solutions for Optimal Resolutions.
Consider it Done.

ServiceLink Loss Mitigation Solutions

ServiceLink Loss Mitigation Services, a Division of FNF Servicing Inc., provides Short Sales services proven to dramatically reduce cycle time and loss severity.

With nationwide facilities, and client-dedicated teams of trained, experienced loss mitigation specialists, ServiceLink can manage the short sale process from solicitation through closing. With the ability to scale quickly, we can offset capacity and maximize savings on each transaction. Plus, a vast network of the most qualified real estate agents ensures a smooth, efficient process.

Look to ServiceLink's full and component loss mitigation solutions to help you reduce loss severity for each asset and ensure regulatory compliance.
